RESOLUTION 47-2018

The **TOWN BOARD OF TRUSTEES OF THE TOWN OF HANNIBAL**, in the County of Oswego, State of New York, met in regular session at the Municipal Building, located at 824 County Route 34, in the Town of Hannibal, County of Oswego, State of New York, on the 15th of August, 2018 at 7:00PM.

Also Present: Denise Hafner, Town Clerk

The following resolutions were moved, seconded and adopted:

WHEREAS, buildings are the single largest user of energy in the State of New York; the poorest performing buildings typically use several times the energy of the highest performing buildings—for the exact same building use; and

WHEREAS, collecting, reporting, and sharing building energy data on a regular basis allows municipal officials and the public to understand the energy performance of municipal buildings relative to similar buildings nationwide, and equipped with this information the Town of Hannibal is able to make smarter, more cost-effective operational and capital investment decisions, reward efficiency, and drive widespread, continuous improvement; and

WHEREAS, the Hannibal Town Board of Trustees desires to use Building Energy Benchmarking, a process of measuring a building's energy use, tracking that use over time, and comparing performance to similar buildings, to promote the public health, safety, and welfare by making available good, actionable information on municipal building energy use to help identify opportunities to cut costs and reduce pollution in the Town of Hannibal; and

WHEREAS, as such the Hannibal Town Board desires to establish procedure or guideline for Town of Hannibal staff to conduct such Building Energy Benchmarking; and
